

Useful Information...

- Please take a moment to check the date and time you've booked. Every year a few families arrive at Spectrum to discover they've come on the wrong day - don't let this happen to you!
- The pantomime is held in our Olympic Ice rink - we would advise that all members of the audience dress warmly.
- The Ice rink is dark during the performance.
- Flashing and strobe lights are used throughout the performance.
- The use of cameras and recording equipment is forbidden.
- Whilst Guildford Spectrum has free parking spaces, this type of major event puts a great deal of pressure on the on-site parking facilities. To avoid problems on the day of our pantomime, please consider the following options:
 - Arrive early for the event. The doors to the Ice rink will open 45 minutes prior to the pantomime starting, however Spectrum will be open in advance of this.
 - Car share with friends who may be attending or use public transport - a bus link operates from the town centre.
 - Park at Guildford Lido which is within 10 minutes walk of Guildford Spectrum.

**We hope this information will help you enjoy
your visit to our pantomime.**
